

Journal:

Collaboration on codesandbox (all):

April 19, 4:05 PM: wrote and agreed on compiler header file

April 19, 9:13 PM: finished together the remaining of compile_by_type file

April 20, 2:00 AM: wrote compile_all function

April 20, 11:36 PM: finalized and agreed on compiler_main file

April 20, 11:45 PM: finalized the project report

Abdelaziz:

April 19, 7:33 PM: finished the 6 text example programs

April 19, 8:25 PM: finished some of compile by types

April 19, 10:25 PM: finished commands_file.text

April 20, 5:37 AM: wrote to_binary function

Shahd:

April 19, 7:30 PM: wrote take_input and initialize_commands functions

April 19, 8:15 PM: done some of compile by types

April 20, 2:35 PM: wrote to_hexa function

April 20, 11:05 PM: finished main file

Anas:

April 19, 7:15 PM: wrote convert_register, to_type and print_state functions (in simple functions)

April 19, 4:30 PM: wrote instructions header file

April 20, 11:13 PM: finished decompose_instructions in compile_main file
